

Last Sunday Morning we
preached a message on
"Priorities"

{ You know what priorities
are, These things we
do first —

{ These things we feel
are most important —

These things that top our
lists of things to do

Some folks feel having large sums
of money is most important

Others feel free homes
should top the list —

Some folks feel free clothes
are that which needs their
attention —

We've just dealt with
people like we have all
about us today — We
listened to them carefully, ^{were}
And then told them how wrong they

You see Jesus heard people talk who spent their entire lives trying to get rich -

He heard people brag about their fine clothes

He heard someone talk about the money they had hidden away -

And he said: Foolish people // Don't you know that you can't take worldly goods with you when you leave this earth -

Don't you know that all you one day is leaving some thing for people to argue over -

He said: "Somebody may break into your house and steal your money, then what -"

2) He said: Even if you take it out & bury it, it will lose its value

And He spoke of the fine clothes they wore,

He said: You put them up, feeling they will be safe and when you go to get them, you'll find moths have eaten holes in them. They will rot last, then all you have is Rags —

Oh but there was another group Jesus listened to:

These were the "Worriers" folks who worried about every thing —

They worried if it rained,
They worried if it didn't
They worried when prices went up / And they worried when prices went down

them when they didn't have
anything to worry about,
They worried about that."

And Jesus said: Oh you foolish
people - You're not it
all wrong -

You believe God created all
you see around you, yet
you do not feel He can
take care of you -

Did you know that people
today act just like that -

They are always busy
trying to help God
do what He promised
to do for His children.

And then Jesus told those
people, and He tells us
what ought to be our
first priority -

3/ Matthew 6:33 The Lord:
"Seek ye first the Kingdom
of God, And His Righteousness
And all these things shall
be added unto you"

The Lord: "Your Greatest Concern
Should be that you know
God is a personal way"

The Lord: Your Deepest Concern
Should be that you please
God in all you do —

Your Greatest Concern Should
be that you know God's
Son in a Salvation experience

No fault there in Nothing Wrong
With having Money —

Nothing Wrong with having
a nice home, And
Nothing Wrong with
having nice clothes —

The problem is: Where they
one on our list of
First Things

Jesus said: Put First Things First

He said: "Be sure that you
and God are on speaking
terms."

Be sure you want His
will for your life -

Be sure He is pleased
with your life -

Let God provide all
He has promised to
provide -

Then Jesus said: "Every need
you have will be met"
(Not every want // But every
need)

You see God knows
what they are before
we do -

4/ And He knows where we
need them —

So Jesus said: "Get your
Mind on eternal things"
Get your mind on
things that will last
forever —

Seek ye first the Kingdom
of God // And leave the
rest to Him —
Amens
